Faculty Name:

Salvatore J Stolfo

Faculty Email:

sal@cs.columbia.edu

Lab:

IDS – 6LE1 CEPSR

Project Title:

Cybersecurity for Quantum Computing

Description:

A study group to dive deeply into the current state of Quantum Computing systems and analyze the security properties of designs that protect these systems from adversarial attacks. The core question is, "Does Quantum Malware exist"?

Location of Research:

Hybrid (both Remote and On-Site)

# of hrs/week:

20

Department/Program:

Computer Science

Eligibility:

BS, Third Year, BS, Fourth Year
