

COLUMBIA ENGINEERING SUMMER@SEAS

Summer 2017

12:30 – 2:00PM 524 Mudd

DATE	J and J Scholars	Presenters	Department
5/31/2017	Welcome Lab Safety, Hazardous Waste and Bio Safety Training	Environmental Health and Safety	Office of Environmental Health and Safety
6/7/2017	Your Laboratory Notebook: Key to Successful Summer Research	Professor Michael Mael	Applied Physics
6/14/2017	Solar Fuels for a Sustainable Energy Future	Professor Dan Esposito	Chemical Engineering
6/21/2017	Presenting Science	Dr. Vesna Gasparov	Chemistry
6/27/2017		Charlie and the Chocolate Factory	
6/28/2017	Research Presentation	Professor Richard Osgood	Electrical Engineering
7/5/2017	Engineering with Biomolecular motors	Professor Henry Hess	Biomedical Engineering
7/12/2017	Orthopaedic Research and Innovation: From Basic Science to Clinical Impact	Dr. Katie Reuther	Biomedical Engineering
7/18/2017		Miss Saigon	
7/19/2017	The multi-armed bandit: from slot machines to medicine	Inigo Urteago , Post-doctoral Research Scientist	Applied Math/Data Science
7/26/2017	Nanostructure challenges and successes, from 16th Century warships to 21st Century energy	Professor Billinge	Material Science
8/2/2017	End of summer presentations	Students	
10/06/2017	Research Symposium
