

SUMMER@SEAS 2019
12:30pm – 2:00pm
524 Mudd

June 5th

Welcome to Summer@SEAS: Design in Engineering
Ivy Schultz, Director of Columbia Entrepreneurship

June 12th

The Lab Notebook: Why should I keep one?
Professor Michael Mauel, Applied Physics & Applied Math

June 19th

Good Science Bad Science: The Art of Presentation
Professor John Kymissis, Electrical Engineering

June 25th

Theater Outing - The Cher Show

June 26th

Introduction to Research: Searching, Reading, and Extracting from Journal Articles
Students will be asked to prepare materials for July 10th!
Professor Dan Esposito, Chemical Engineering

July 3rd

Happy 4th of July!

July 10th

Journal Review and Presentations
Students will present and faculty will moderate.
Professor Dan Esposito, Chemical Engineering

July 17th

Robotics to Restore and Retrain Human Movements
Professor Sunil Agrawal, Mechanical Engineering

July 23rd

Theater Outing - Dear Evan Hansen

July 24th

Engineering Protein and Polyion Interactions for Cellular Application
Professor Allie Obermeyer, Chemical Engineering

July 31st

Degradation Mechanism in Li and Beyond Li-ion Battery Technologies
Professor Lauren Marbella, Chemical Engineering

August 7th

Poster Symposium and Student Presentations

October 3rd

Engineering and Science Research Symposium
